

INTRODUCTION

Course Description

This course will cover the practical ministry topic of Leadership Development, with a focus on accountable discipleship. The class is taught in 8 lessons. The approach of the class material is to look first at the fruit that the average Christian should bear, and then secondly, how to train leaders who will equip the average Christian to bear such fruit.

Purpose of the Course

1. To build a solid foundation for the student that Leadership Development is the mission of the church given in the Great Commission.
2. To help the student understand the training process and expectations for equipping the average Christian to bear fruit for Christ.
3. To help the student understand how to train others in Leadership, Prayer, Evangelism, Mercy, and Bible.
4. To help the student understand the difference between Ordained offices and Leadership gifts.
5. To give the student a viable process for training new believers through the multi-year process of developing them into leaders.

Objectives of the Course

1. Comprehension of course materials.
2. Familiarization with course Bibliography

3. Development of ministry skills.

4. Retention of course materials and application to real ministry.

Course Benefits

The church must remain Apostolic if we are to be faithful – Apostolic in Word, Doctrine, and Mission. This course focuses on a practical fashion in which the three are brought together under Leadership Development.
